PROCEDURE FOR SUBMITTING THE SUMMARY OF COMMUNICATIONS AND POSTERS

Required data of the author or authors of the communication or poster: Surname and Name (that includes University, Faculty, Institute, Center of Investigation, etc.) and email address¹.

KEY WORDS:

They identify the principal topic or the matter within the area of knowledge to which the work belongs. It is necessary to include, in descending order, from the most general topics to the most specific ones separated by quotation marks (";"). The number must not be minor of three nor major of five.

SUMMARY:

- For everyone interested in participating it will be indispensable to send a one-page summary by email (BEFORE APRIL 1, 2016) to the address: info@alabastrodearagon.org.
- The summaries will be evaluated by the scientific Committee of the Congress. The acceptance / refusal will be communicated to the author by email before May 1, 2016.
- The summary must contain: the description of the work, aims, methodology, scope and results. The summaries will be checked bearing in mind his relevancy for the Congress, his intention, scope, subject matter and potential contribution to the knowledge, design or improvements for the specific applications in the subject matters of the Congress.
- **The above mentioned summary can be written in Spanish or English languages²**, in one single column within the margins established in this format (size of paper A4), the top margin of 3, 5 cm and bottom margins, left and right of 2,5 cm).

The length of the summary should be between 150 and 300 words. In order to have the minute book to uniform style, the typeface of use must be 11pt. Times New Roman font and with single spaced lines.

- The summaries must be written using preferably word processor MS Word®.
- The summary should not exceed a page and have no paragraphs neither subparts.
- The summary must contain the complete name and the address of the authors. The name of the author who will present the article in the Congress must be indicated with an asterisk (*).
- In order to standardize the presentation in all the summaries, it is important to respect the format.

¹ For the presentation of communications or posters, registration in the Congress is required.

² Those contributions sent in Spanish must include, in addition, the **title**, the **key words** and the **summary** in English. The purpose of the above mentioned action is to facilitate the indexed of the Congress in someone of the international scientist –technologic data bases.
